Q.36 Here is a summary of a proposal that deals with the way judges are selected.

*Under this proposal, a non-partisan panel of citizens, legal professionals, and civic leaders evaluates and recommends potential judges to the governor. The governor then chooses a nominee from the list who must then be confirmed by the state legislature. After each term, the public then votes on whether a judge should keep the seat or be removed from office. If a judge is rejected, the selection process starts again.*
